# MASON SERVICES

**Building Strength, One Brick at a Time – Powered by HelpKart.**

Service Category	Description
Brickwork Construction	Laying bricks in various patterns and styles for walls, partitions, and façades. Includes structural and decorative applications using high-quality materials.
New Construction	Complete masonry setup for newly constructed buildings including boundary walls, load-bearing structures, and architectural features.
Blockwork Construction	Using concrete or cement blocks for fast, durable wall construction. Ideal for commercial and residential projects.

<b>Stonework Construction</b>	Installation of natural or engineered stone for exterior or interior surfaces, garden walls, and landscape features.
<b>Concrete Work</b>	Pouring and finishing of concrete for foundations, slabs, driveways, columns, and beams. Includes forming, setting, and curing processes.
<b>Restoration and Preservation</b>	Restoration of old or damaged masonry to its original form, including repointing, surface repair, and structural stabilization.
<b>Decorative Masonry</b>	Artistic masonry including arches, columns, textured finishes, and custom stone or brick patterns to enhance visual appeal.
<b>Concrete Floor &amp; Step Installation</b>	Pouring and finishing concrete for staircases, porches, and floors with smooth or textured finishes.
<b>Structural Masonry Repairs</b>	Reinforcement and rebuilding of damaged load-bearing masonry structures to restore safety and integrity.
<b>Grill and Boundary Wall Masonry</b>	Construction of decorative and secure perimeter walls with embedded grills or stone/brick elements.
